2. 延長した期間の学費には、寮費とその他雑費は含まれていません。
3. 保証対象スコア以上の公式IELTSまたは、E & Gでの模擬テストのスコアがない場合は保証対象外となります。

Stories from students

PHAM, VAN SY / IELTS course / 12 weeks (Jul. 18, 2016 ~ Oct. 07, 2016)

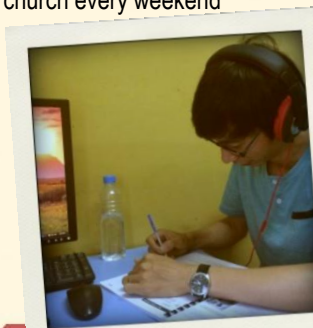

Before studying at E&G International Language Center, I did not have confidence about my English ability. Each time I met my foreign colleagues or I had to do something that was related to English, I tried to avoid. Although I felt inferiority, I did not find the way to improve, even if I tried to self-study or receive my friend's help. After 3 months of studying at E&G, I have more confidence about my English skills. It does not mean that I could speak English fluently like a native speaker but I am confident to use it to communicate, to show my point of view, to present and to work. Sometimes I was surprised because I could use English to communicate all day with teachers and friends, especially, I could use English to present in front of teachers and classmates in 15 to 30 minutes – that thing I had never done before.

For me, E&G is a great school and has good environment to learn English. This school has standardize program with a team of young dynamic teachers with friendly and good teaching. Teachers are always conscientious and responsible in every hour of teaching. Moreover, they are also patient to check my pronunciation, grammar and give vocabulary to help me speak English better day by day. I am on cloud nine because I study with teachers who have good methods of teaching, who know how to give motivation for students and who are always willing to help me even outside the class.

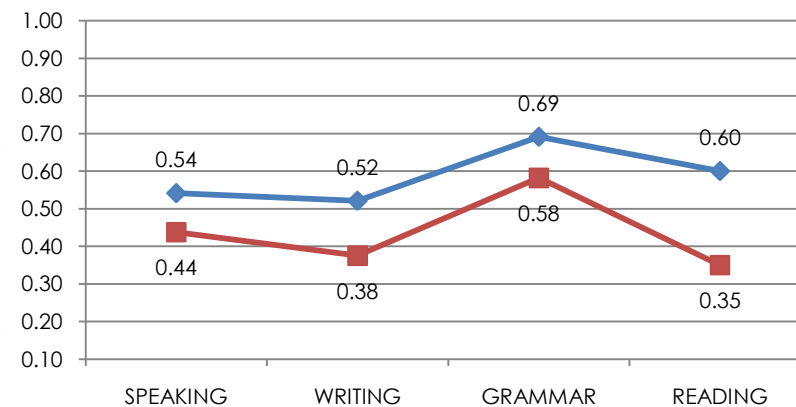

Besides, I am satisfied with the environment at E&G: peaceful, clean and safe. I enjoyed the clean space, the natural environment with many trees and near the sea. In my point of view, this is a good place to study, relax and enjoy life. In addition, there are many convenience stores and commercial center near the school so it is very convenient for student's life. I can go shopping, walking around the town, going to the church every weekend without having to worry about the safety.

Overall, I am almost contented with all of the services here (from studying to daily activities). In my perspective, studying at E&G is one of the unforgettable memories and wonderful experiences in my life. Thank you so much E&G for helping me improve my language skills and giving me confidence to use English in communication, learning and working.
